

BOY NEEDS GOOD COMRADESHIP TO FORM CHARACTER

Pals Have More Influence
Than Parents Often,
Says Rev. Beers.

HOME AND CHURCH MUST CO-OPERATE

Community Organizations
Also Essential In
Pastor's View.

The influence of companionship in character building was the lesson emphasized in the sixth address given by Rev. G. A. Beers of the First Baptist church in his series, "Talks to Young Men," Wednesday evening.

"An old saying, and true, runs, 'a man is known by the company he keeps,'" said Rev. Beers. "King Solomon, ascending the throne, is asked of his proposed administration. He consults first, the elder men who had been associated with his father, Solomon, in his reign. They advise him to listen to the petitions of his people for the lessening of their taxes, and avoid the extravagances that were placing heavy burdens upon them and causing dissatisfaction and unrest.

"But the king had his friends among the 'younger set' and to them he goes with the question and they say, 'you show the people that you are king and propose to carry out even a sterner policy than your father's.'"

Evil of Bad Associates
The king foolishly listened to the unwise counsel and his kingdom was divided. Whether establishing a kingdom, or building a character, good counsel faithfully followed, makes for success.

"A boy's pals off have more influence with him than do his parents. Such comradeship should be good. A good home should produce good boys, generally it does, sometimes it fails. The duty of the parents is to know their children's associates and be vigilant over them.

"Here, in the formative period of life, boys meet temptation. Bad habits of whose evil the young life has no conception, are often fastened upon the child. Vile languages, vulgar suggestions and practices are presented to the younger ones by older boys and almost irreparable ruin done.

"Often the 'hut' in the back yard has proven to be a veritable 'pit,' and should be abolished. Give the boys a room in the house, rather than a hut in a secluded corner. Teach them to play in the light; discourage the darkness of a 'den.' The home should incorporate this in its regular schedule. Life's most vital friendship, faith and fidelity should be between the child and his parent.

Influence of Parents
"A father's influence with his boy is of more importance than his advancement in the lodge; a mother winning, holding her daughter, more than her success at a society gaming table. Father, be your son's best pal!" (Continued on fourth page.)

VETERANS ROOMS TO BE REMODELED

Benefit Suppers Provide
Funds To Re-equip
G. A. R. Hall.

Members of the allied orders of the G. A. R. wish to thank the public for their generous support and attendance at the two suppers recently given in the G. A. R. hall on Broadway. The proceeds will be used to remodel the aged veterans lodge rooms and to furnish them with new furniture, a stove and other necessities.

The two suppers have netted a profit of \$125 and thus far new chairs and a stove have been presented to the G. A. R. veterans. Another supper will be served at the hall May 26 and with the proceeds of this supper and what is left of the money cleared on the past two suppers the rooms will be remodeled.

Chaldean Asks Aid For His Countrymen

Atrocities of the Turks were vividly described at the First Presbyterian church Wednesday evening by Rev. George Elias a Chaldean missionary, who was one of 29 students of a class of 400 to escape death at the hands of Turkish soldiers.

Rev. Mr. Elias, a fluent speaker, painted a graphic word picture of conditions in his native land and appealed for the aid of American churchmen for his country.

The missionary has been in America but four years.

Bell Ringers Will Give Two Programs

The Metropolitan Entertainers, who will give a musical program at the First Christian church Friday evening, have arranged to give a refectory entertainment at 4 p. m. at the church. A complete program will be given at that time, with another entertainment at 8 p. m. The ticket sale is said to be very encouraging.

Only 37 Civil War Veterans Left Here

Trescott Post Ranks, Once
Boasting Of 450 Mem-
bers, Dwindling.

But 37 members of Trescott post No. 10, Grand Army of the Republic, are left to prepare plans for the annual observance of Memorial day, when they pay tribute to their deceased comrades of the Civil war.

Trescott post boasted of one of the largest posts in membership in this part of the country when it enrolled 450 members early in the history. The post was organized Dec. 14, 1866, and during the past 57 years of its history, the death angel has called 413 comrades to rest.

But these remaining 37 veterans continue to carry on the work started at the close of the Civil war. They meet every Saturday afternoon and after these meetings during friendly games of cribbage many of the thrilling encounters of that great war are fought again.

At present they are completing plans for the annual Memorial day observance. Veterans of the late war will honor the fallen heroes of the Civil war by assisting Trescott post with this annual observance.

Starting with this issue, The News will present pictures and brief sketches of the living members of Trescott post. These will be continued during the period remaining until Memorial day.

IMPOSTOR BORROWS CHRISTIAN CHURCH KEY, TAKES MONEY

Man Representing Himself
As Meter Inspector
Proves Robber.

Two dollars in small change was discovered missing from the primary department of the First Christian church and marks signifying that an attempt was made to force open drawers of the desks in the church when the church caretaker, Ross Clay, entered the building late Tuesday afternoon.

Tuesday morning a man called at the home of Rev. H. L. Miller, pastor of the church and informed the pastor that he was an inspector of electric meters. He asked Rev. Miller if he might borrow his key, that he might enter the church for the purpose of examining the meter. When he promised Rev. Miller that he would return the key when he had finished the inspection his request was granted.

He told Mr. Miller that he had to stop at the new Masonic temple to look after some work and that when he came back to the building he would return the key to its owner.

The key was not returned and Rev. Miller's suspicion was aroused. In the meantime Mr. Clay found the key lying upon the steps leading to the church auditorium and notified Rev. Miller. The matter was not reported to police headquarters.

Rev. Mr. Miller later thought perhaps he might have misunderstood the man's position and that possibly he represented the gas company or perhaps the city waterworks department. Investigation made by the Salem Lighting company and officials of the gas company shows, however, that neither of those companies had sent meter inspectors to the Christian church that day, giving indication that the man who borrowed the key was an impostor.

CONTEST IS WON BY COFFEE SCHOOL

Eight schools were represented in a declaratory contest held at the Methodist church at Winona Wednesday night. Coffee school won first place and Votaw school second place in the contest.

These students were prize winners: Ruth Kuhl, Irene Slutz, Oliver Glass, Robert Slutz, Lois Walton and Ronald Hoopes.

An interesting feature of the contest was the display of drawings and other exhibits of work done by the children of the schools represented.

33 Names Are Listed For Naturalization

Although the next naturalization hearing in this county is not scheduled until next September, there are at present 33 persons who have listed their names with Clerk of Courts John T. Burns for citizenship papers. This is quite a large number considering the fact that the date of the hearing is so far ahead and is taken to mean that the class that will face the examiners next September will be longer than for some time.

Curve At McCrackens Will Not Be Removed

There will be no elimination of the dangerous curve at McCracken's corners, three miles south of Salem, this year, as the estimated cost of \$45,000 for the change is considered too much for the county to share at this time. This part of the Lisbon-Salem rd in Salem township is considered one of the most dangerous in the county.

HENRY W. OLDER

Mr. Older was a member of Co. F, Ohio Volunteer Infantry. He enlisted Oct. 10, 1861, at Camp Wood, Cleveland, for a period of three years. When this enlistment was up he again enlisted and served during the entire war, being discharged Nov. 27, 1865, at Camp Chase, Columbus.

Mr. Older is a veteran of 58 battles and engagements. He was wounded in action at the battle of Stony Ridge on Dec. 31, 1862. He was struck by a Confederate shell and was left for dead on the field of battle. When rescued he was the only man of 26 found alive.

This veteran served as a private and was promoted to the rank of corporal. He has been quartermaster of Trescott post during the past 25 years. He lives at 282 McKinley ave. He is aged 82.

300 MEN FIGHTING INCENDIARY FOREST FIRE IN MARYLAND

Flames Destroy Thousands
Of Acres Of Valuable
Timberland.

Hagerstown, Md., April 26.—What was characterized as the most destructive forest fire in the history of this section was still sweeping the mountain at Catocin Furnace, Md., just this side of Frederick county line, early today, after having destroyed thousands of acres of valuable timberland.

Between 300 and 400 men, forest wardens, their deputies and residents of the section have been fighting the eight-mile wall of flames since early Monday without food or sleep and many last night fell exhausted and had to be carried from the scene.

The water supply of Frederick may be entirely cut off. The watershed, in which are located the headwaters of one of the main water supplies of that city, began to burn late yesterday and were still on fire early this morning. Sheds housing another of the main water sources were threatened.

Little hope of checking the mass of flames that is sweeping toward the top of the mountain, beyond which lies Middletown and Foxville, without the help of rain is held out by the fire-fighters, who are working under the direction of District Forester Klein of Frederick.

The usual methods of fighting forest fires are valueless, Klein is quoted as declaring, because of the high winds. Many miles of fire lines built to head off the sweeping wall of flames have proven futile for the same reasons. It was said that unless it rains soon the fire will last three or four days longer.

Origin of the fire is laid to incendiarianism, many holding to the theory that it was set because of a raid on a moonshine still at White Rock within the past week.

McKinley Ave. Grass Fire Is Extinguished

A stubborn grass fire that threatened destruction of several homes claimed the attention of firemen late Wednesday afternoon. The blaze started near a grass field on McKinley ave. and required nearly one hour's work to extinguish it.

Welsh Singers Afford Rare Musical Treat For Salem

One of those rare musical treats afforded to music lovers once in a great while, was presented Wednesday evening at the High school auditorium when the famous Rhondda Welsh male glee singers appeared in concert under auspices of Allen Reynolds post, Veterans of Foreign Wars.

The appearance here Wednesday evening marked the 172nd concert for the Welsh coal miners on their American tour and they were greeted with one of the smallest audiences since their tour began.

The Rhondda singers were the winners of the first prize in the international concert at Pittsburgh last year and their work here merited a capacity audience at the auditorium. The small crowd of music lovers, however, were told in their praise of the chorus and it was with keen re-

ANNUAL CLEAN-UP PLANS ANNOUNCED BY SERVICE HEAD

Co-operation Of Residents
Sought During Week
Of April 30.

TO ISSUE TICKETS FOR COLLECTION

Rubbish Must Be Left In
Front Of Properties,
Bristol Says.

Plans for Salem's annual clean-up week to start Monday morning and continuing until Saturday evening, were announced Thursday by Service Director John B. Bristol.

Residents of the city are asked to have their premises cleaned of all rubbish not later than Monday morning. The city has secured teams to collect this rubbish which is not to include any garbage matter. They are asked to place the debris in boxes and barrels along the curbing in front of homes, in order that no time will be lost by the drivers in collecting.

Tickets will be issued by Director Bristol and an inspector will be sent to inspect the rubbish. He will collect the amount to be charged for hauling away this debris and will issue a ticket to each resident for this amount. When the rubbish is collected the ticket will be presented to the collector. Director Bristol has stressed the fact that no money is to be paid the collectors.

The city has been divided into districts for the collection. The districts to be visited daily were announced as follows:

Divided Into Districts
Monday—The section east of Garfield ave and north of McKinley ave, including the north side of McKinley ave and the east side of Garfield.

Tuesday—The section bounded on the east by Garfield ave, on the south by Ellsworth ave and on the west by Main st, including the east side of Ellsworth, the north side of Main, and the west side of Garfield.

Wednesday—The western section of the city including all streets west of Ellsworth ave and north of Roosevelt ave.

Thursday—The entire southeastern section of the city, including the south side of McKinley ave and the east side of Lincoln ave.

Friday—The section bounded by Lincoln ave on the east, Main st on the north and Depot st on the west.

Saturday—The southwestern section of the city bounded by Depot st on the east and Roosevelt ave on the north.

Director Bristol has announced that any changes in these plans will be announced daily. He has requested that all drivers of wagons or trucks desiring to hire their vehicles for this work, communicate with him before Saturday. All refuse collected will be taken to the city disposal plant.

WATSON CONFERS WITH PRESIDENT

Harding To Talk Over His
World Court Plan With
Party Opponents.

Washington, April 26.—President Harding today launched a series of conferences with Republican opponents of his proposal to make the United States a member of the international court of justice with the object of beating down some of the bitter opposition that has been aroused by the challenge thrown out in his New York speech.

The first of these conferences was with Sen. James E. Watson, Republican of Indiana, who called at the White House to tell the president what he thought of the administration's plan.

Upon leaving the White House Sen. Watson expressed the belief that harmony will prevail in Republican ranks and that the present differences in the party over the world court would be adjusted.

Chauncey Depew Would Live Forever

Chauncey Depew, America's youngest old man, celebrated his eighty-ninth birthday by working at his desk as chairman of the board of directors of the New York Central railroad, in New York city. "How long, Mr. Depew, may we hope to have you with us?" he was asked. "Bless you," he said with a chuckle, "I don't want to set any limit. I love this old world too much to think of leaving it. I have just been sensible," he added. "No fads, no sermons, no monkey glands—and no golf."

Ship Is Abandoned, 237 Persons Missing

Rescue Vessel Is Searching
For Lifeboats; Dynamite Feared.

Lindon, April 26.—Two hundred and thirty-seven persons—138 passengers and 99 seamen—are missing from an abandoned Portuguese passenger steamship off the African coast, said a Capetown dispatch to the Daily Express today.

A vessel picked up an "S. O. S." from the Portuguese steamer Massomedes. Search revealed the ship deserted and helpless. Investigation showed she hailed from Portuguese ports and had carried 138 passengers as well as a crew of 99. All had taken refuge in life boats. The relief ship reported it was searching for the boats.

Advices received late in the afternoon said the 237 persons from the Massomedes were still missing. The passengers included 29 women and 35 children.

The Massomedes, a vessel of 4,600 tons, hailed from Lisbon.

The steamship Port Victor, which went to the assistance of the Massomedes, reported that she carried dynamite in her cargo. The condition of the deserted vessel indicated she was in no immediate danger of sinking. It was assumed that the seamen and passengers, fearing pounding of the high seas would explode the dynamite, decided to flee in the small boats.

Playlet To Feature Meeting At Butler

Presentation of the play, "Pegleg and Peter" will feature part of the lecture program of Butler grange Friday night.

Besides the play, the following program has been arranged by the lecturer, Miss Esther Ward.

Roll call; "Some Articles I Would Like to Own," music, Merle Mercer; recitation, "The House of the Future," recitation, "How are House Plants Worth While?," Pearl Brown and Bertha Ward; recitation, Paul Ward; general topic, "Wastes About Us," Vena Nantz and Minnie Randolph; reading, Dora Woolf.

Fifteen minutes of fun to be furnished by the social committee.

Summer Clothing For Children Is Red Cross Appeal

An appeal is made by the Home Service section of Salem chapter, American Red Cross, for summer clothing for children of all ages. It can use summer clothes for women and shoes in the larger sizes.

In this way the Home Service section is seeking to aid worthy families of laborers in cases where the father does not earn sufficient to support his family.

The situation in this city as regards charity work is very good, one chapter, worker states, with no need for furnishing food. However, there is need for children's clothes that they may appear neat at school.

The section does not want winter clothes as it has no place to store them. Anyone who has summer clothes they can donate are asked to take them to the Community House, Depot st, in the afternoon.

WINDOW DISPLAYS AIDING HOME PLAY WEEK MOVEMENT

Contest In Schools For
Volley Ball Creates
Much Interest.

The window displays for Home Play Week conducted by Salem Community Service are attracting much attention, the library and people generally have responded to the idea of creating a more wholesome environment for the little folks. Some of the window displays are of unusual merit.

Miss Phila Field and Miss Gladys Shive have contributed 24 posters for the event. These are on display in windows around the city.

Community Service has on hand full directions for making various pieces of playground apparatus of a substantial nature and at small expense. This information may be had, for the asking.

The contest in the schools for the volleyball ball, offered as a prize to the school signing up the largest number of parents who will meet certain requirements for home play, is still on. The pledges will be due Friday and all parents are asked to co-operate with the children in this contest.

A volleyball ball is one of the most useful articles around a school during recess time since it can be used for a large number of games and by a large number of children.

Woodlawn (Pa.) Pastor To Preach In Salem

Rev. J. P. Harman left Thursday morning for Pittsburgh to spend a few days with his father, Rev. H. E. Harman. On Sunday he will exchange pulpits with Rev. Charles M. Teufel of Woodlawn, Pa., the latter occupying the pulpit of Holy Trinity English Lutheran church here. Rev. Harman will attend spring conference at Warren, Pa., Monday and Tuesday.

Memorial Day Plans Will Be Considered

First plans for Memorial day will be discussed at 7:30 p. m. Monday when committees of the various patriotic organizations meet in G. A. R. hall. These committees will represent the G. A. R., Sons of Veterans, American Legion and Veterans of Foreign Wars.

"BALL AND CHAIN" MEASURE VETOED BY GOV. DONAHEY

Brief Message Disapproves
Provision For Working
Liquor Prisoners.

WOULD FAVOR RICH IS DONAHEY'S VIEW

Anti-Saloon League Head
Scores Veto Of Bill
To Curb Booze.

Columbus, April 25.—"Laws that make a convict of a poor man and permits a rich man to escape with a fine will not be approved by me, so long as I am governor of Ohio," Gov. Donahey today vetoed the Faneirock bill, which would permit courts to send women prisoners who failed to pay fines to the Marysville reformatory, and men to work out unpaid fines and costs on the roads or other public work.

The measure which was sponsored by the Ohio Anti-Saloon League as a means of curbing liquor law violations had been characterized on the floor of the senate as the "ball and chain bill" and was subjected to criticism by its opponents as a measure which would permit incarceration of women without a jury trial.

Much Pressure Brought
In support of the measure it was said that it would prevent bootleggers from hiding behind "women's skirts" and that it was preferable in many cases for prisoners to work in the open rather than spend their time idly in jails.

Much pressure had been brought to bear upon Gov. Donahey both by those who wished to see the bill become a law and by its opponents. Hundreds of telegrams were received requesting that he affix his signature.

It was announced at the executive offices that the governor had reached his decision to disapprove the bill after attorneys representing both sides had submitted lengthy briefs setting forth their opinions.

He went over these carefully, it was said, and then wrote the veto message. The message was probably the shortest and most concise of any ever sent to the legislature on a bill of equal importance.

Immediately after the bill had been vetoed, James A. White, superintendent of the Ohio Anti-Saloon League, issued a statement that the same objections raised by the governor could be applied to every one of the state's criminal statutes.

What White Thinks
"The veto means the governor prefers to allow first offenders who are committed to jail in default of fines, to remain in jail with hardened criminals who are awaiting the action of the grand jury rather than the first offenders out in the open working for not less than \$1.50 per day and an opportunity to earn something for their dependents," said the statement. "Persons committed to the workhouse will now receive only 60 cents per day while under the vetoed measure, they would have received \$1.50 per day for their labors."

"The veto also indicates he prefers to allow such persons, if indigent, out of jail without the knowledge of the trial court."

Would Apply To All Laws
"The veto also indicates he prefers to send men to jail or the workhouse but let women go free except for possibly 30 days' confinement in jail, rather than their dependents and that he prefers to keep such persons in idleness rather than in industry."

"The Faneirock bill sought to amend several sections of the statutes with reference to commitment in default of payment of fines and in default of payment of the costs. The same objection which the governor raises as between the rich and the poor, will apply equally to the sections that he permits to remain on the statute books."

**Still Is Crushed

Sheriff Raids West Point
Home, Seizes Man Who
Is Fined \$700.

A search warrant having been sworn out in the court of Judge Lodge Riddle Wednesday afternoon, Sheriff Lewis and Deputies George Wright and B. F. Reilins went to the home of Jacob Tacher, near West Point, and after a search located a still, two barrels of mash and a small quantity of liquor.

Tacher was brought before Judge Riddle and entered a plea of guilty. Tacher was brought before Judge Riddle and entered a plea of guilty. Tacher was brought before Judge Riddle and entered a plea of guilty.

Tacher was assessed a fine of \$700 and the costs and in default was lodged in the county jail.

The still was brought to a point near Gilmore's stop, where a large road roller was in operation by Contractor Miller. At the sheriff's request the big machine was put in motion and the still became merely a strip of crushed metal.

When arrested Tacher had about \$150 on his person and after making \$150 in order to be released. After making desperate efforts, his friends succeeded in raising the necessary amount and he was released.

Distinction Clearly Drawn

PRESIDENT HARDING has told the country definitely where he stands on the world court proposal. He is for it as a world court with no allegiance to the league of nations and with no intention of going into the league of nations by "side door, back door or cellar door." That is emphatic enough and should be satisfactory and final.

The president answers his Republican critics, who are saying that the president's proposal will project the league of nations issue into the political campaign. He does not consider it to be a party question or a partisan issue. He says there is no reason why it should divide the party. It is simple fulfillment of a party pledge. It is, as he says, "keeping the faith" with the voters of the United States. Above all it is in harmony with American aspirations.

Very clearly he draws the distinction between the court and the league. Participation in a world court is fulfillment of our obligation to help bring the world back to sanity, without obligating ourselves to participate in its wrangles and particularly not to participate in European broils. It is to carry out the Republican promise to the voters in 1920, a promise which the overwhelming verdict of the election of that year approved and which the people of the United States expect to see fulfilled.

President Harding shows by historical references that the international court of justice, now in existence, is in line with precedent. It is a development of The Hague tribunal. It is the development of an international conception that is older than the league of nations. The league of nations merely offered a solution of a years-old controversy over the selection of members of such a tribunal. America participated in The Hague movement and there is no inconsistency in participation in the new world court, which is only a development of the old Hague idea. Membership involves no participation in the league of nations or any obligation to it.

wages from the company. The property is composed of six lots in Clark & Michaels addition in Wellsville.

SEES SUCCESSFUL FISHING SEASON

Columbus, April 26.—The coming fishing season promises to be one of the most successful in years for the 400,000 Ohio fishermen but unsuccessful for the millions of Ohio fish, according to A. C. Baxter chief of the state Division of Fish and Game.

Although the bass season will be closed from May 1 to June 16 to allow these sporting fish to spawn, there are plenty of other kinds that may be taken during these weeks, Baxter says.

There are the blue hills, crappies, catfish—all of which give some sport in the catching.

Black bass and other game fish may only be taken during the open season by angling. This method is defined legally as "by line or rod in hand with not more than three baited hooks or with lure not more than three sets of three hooks each."

Extra precaution is being taken by fish wardens throughout the state to prevent undersized fish from being caught by fishermen.

Legal minimum size limits are for bass, 11 inches; strawberry bass and crappies, six inches; rock bass and blue gills five inches. Catch limits are 40 strawberry bass and crappies and 25 rock bass or blue gills in one day.

Wardens advise fishermen to have the various legal minimums marked on their fishing rods.

Fishing over the state is reported as being "sporty" with the waters all to the good. This condition is expected to prevail as long as the streams are near normal in site and clear.

The Point of Contact

THERE'S a simple catch in the familiar phrase that tells how the world beats a path to the door of the man who makes a better mouse-trap.

The maker of *anything*, if he is to win the plaudits of the world, must not only manufacture a superior product, but must also let folks know of his achievements. He must point out just why his mouse-trap, his automobile or his shaving cream is better than his neighbor's. He must *advertise*.

Advertising is the point of contact between the man who makes something and the man who wants something. Through an advertisement, a manufacturer can tell you in a few short minutes all you want to know about the article or the service he has to offer.

This newspaper is constantly full of ideas that other men and women have thought out for *your personal benefit*. Fail to read the advertisements and you remain in ignorance of countless products that would make life easier, happier and more interesting for you and your entire family.

Advertising gives you news of the latest and best things made—with word as to what they will do, what they cost and where to get them. Think of all you miss when you overlook the advertisements.

HARDING BUYS HIS BIRTHPLACE

WILL RESTORE AND SOMETIMES OCCUPY THE FARMHOUSE IN MORROW COUNTY, O.

MONTICELLO TO BE BOUGHT

Memorial Foundation Incorporated to Add Thomas Jefferson's Homestead to the Several "National Shrines" That Are Thus Preserved.

Washington.—President Harding has purchased the farm in North Bloomfield township, Morrow county, Ohio, where he was born. It is said to be his intention to restore the old homestead, which now is in a dilapidated condition, and to occupy it for a part of each year after he has retired from the White House.

Homesteads of several presidents of the United States have been preserved. Not all of them were the birthplaces of the chief executives, but in them a large part of their lives were passed. It now seems assured that Monticello, the home of Thomas Jefferson, will be saved for all time as a national memorial to the author of the Declaration of Independence. This will insure the preservation of another residence to add to what generally are called national shrines.

For a good many years activities have been directed toward the purchase of the Monticello homestead. Congress was asked at one time to take it over, but there was some opposition, which arose from the fact that certain members of the house and senate did not think it was a part of the proper duties of congress to provide money for such a purpose, even if sentiment seemed to demand sanction of the plan.

Memorial Foundation Formed. The Thomas Jefferson Memorial Foundation has just made application at Albany, N. Y., for incorporation. This is an organization formed of various societies and groups in different parts of the country that are interested in perpetuating the memory of the man who wrote the Declaration.

On the day the application for incorporation of the foundation was made, there was a celebration at Monticello in honor of the one hundred and eightieth anniversary of Jefferson's birth. This celebration was held under the management of an organization of Virginia women. The change in the calendar makes April 13 Jefferson's birthday instead of April 2, as it was under the old-time calendar conditions.

Jefferson M. Levy is the present owner of Monticello. The place has been owned by members of Mr. Levy's family ever since it was bought by his uncle, a commodore in the United States navy, in 1833. It is said the Levy family has been willing to part with the property only on condition that it should be maintained as a national memorial to the drafter of the Declaration. It would have been an easy matter to sell it to private persons who might have held it for speculative purposes.

Mount Vernon, of course, is the greatest of the presidential homesteads. Washington was not born there, but he lived there a large part of his life, and it was there that he died. Mount Vernon is maintained by an organization of women formed for the purpose of its preservation.

Restoring T. R.'s Birthplace.

In New York city an organization of women is reconstructing the birthplace of Theodore Roosevelt on East Twentieth street. The building next door to the Roosevelt home has been purchased and, with the residence, it will form the office and the treasure house of the Roosevelt Memorial association. The log cabin house in which Ulysses S. Grant lived near St. Louis for some time has been preserved and is now zealously cared for on the estate of a private citizen of Missouri.

The birthplace of Abraham Lincoln is in Kentucky. The log cabin in which he was born has been preserved and is regarded as a national shrine second in sentiment only to that of George Washington.

The home of John Adams, the second President of the United States, is in Braintree, Mass., and the house is said to be in a good state of preservation, and likely to stand for many a year yet to come.

Of course, so long as the White House stands it will represent the home of all the presidents except George Washington, and even he lived to see its completion. John Adams was its first occupant. He moved in in the year 1800. Thomas Jefferson succeeded Adams in occupancy, and then came President Madison, who was occupying it at the time the British advanced on Washington, took the city and fired on the home of the presidents. Only the walls were left standing, but they were firm and in good condition save for the fact that they were scorched and smoke-stained.

His Preference. "I want my photograph taken," said the customer.

"Certainly, sir," replied the photographer. "Would you like a carte or a cabinet?"

The prospective customer wriggled uneasily.

"It doesn't matter much whether there is a cart or a cab in it," he answered. "As I'm a sexton I should like if you could manage to put a church in it."

Ohio Girls Don't Attain Majority Until They're 21

Salem girls who get married will have cause to remember Sen. H. P. McCoy, of Youngstown. His bill raising the age of majority for women from 18 to 21 years has been signed by Gov. Donahey and will become operative in 90 days.

By this law, girls under 21 must obtain the consent of parents or guardians before marrying. Heretofore, girls over 18 could get married without obtaining their parents' consent.

Even have always had to be over 21 to get married without parental sanction.

The bill will also serve to continue guardianships until girls are 21. Before this, guardianships ended when a girl was 18. A girl under 21 cannot sign papers in her own behalf and cannot bring suit in her own name.

The new law will not affect the status of young women in voting, as election officials have held for years that the right to vote did not become operative until a girl, like a man was 21 years old.

Wonderful For Sick Stomachs

That's What Every Stomach Sufferer Says After Taking One or Two Doses of Dr. Orth's Great Stomach Prescription.

Everyone who tries it willingly acknowledges that it does cure indigestion, and certainly banishes dyspepsia and other stomach distress almost instantly.

Here's one letter that will give you an idea of just how good it is.

Wm. Starkey, Rock Creek, Ohio, writes—"I was sick for several years, went to hospital after getting no relief from doctors and many other remedies that I tried. Unable to work, and confined to the house, I was advised by a friend to try Dr. Orth's Stomach Remedy. I had no faith in anything any more, but I tried it and to my happy surprise it did me good. I am now perfectly well and for six months have been working every day in the blacksmith shop, eating everything I want and in perfect health."

Money back if Dr. Orth's Stomach Remedy does not do what we say it will, and remember that this remarkable remedy is the prescription of a practicing physician who used it with great success in exactly such cases as your during a period of 50 years.

WANT PICTURES OF BEAUTIES

But Natives of Out-of-the-Way Places Have Their Own Idea of What Is Beautiful.

Meyer Krupp of Seattle, veteran trader of furs, who for 25 years has penetrated the out-of-the-way places in the Orient, says that even in islands that are uncharted and virtually unknown the beauty of American women is known. For, when trading sable skins, the natives demand in return pictures of pretty women. Mr. Krupp takes on each trip hundreds of photographs of women. He selects the pictures at random.

One can never tell what the natives' demands will be for women's photographs, says Mr. Krupp, according to the Seattle Times. Bonds as a rule are much desired. One well-known motion-picture star, whose salary is reported to be equal to that of the President, members of his cabinet and the director of the mint combined, would no doubt be shocked if she knew the lack of appreciation evidenced among the natives of her much-heralded beauty. The trader couldn't barter away one dozen of her photographs for the skin of an ordinary squirrel trapped out of season, while on the other hand an obscure member of a film company's extra crowd, a woman who has never once figured in a "fade-out," is all the rage among fur hunters. The traders and hunters talk over her picture in terms of sable skins.

Onions and Authority.

Next after hard-boiled eggs M. Clemenceau made the American public familiar with onion soup. But all that is purely material, only a question of restoring the tissues and keeping in health. Far above any such association with the onion is the dictum, of metaphor, of one of our high-sounding and untrammeled poets. Writing of one whom he rather vaguely describes as an infallible authority on literature, art and all life, he says that this genius speaks "from the very center of the onion." This may mean that the man has pungent and penetrating views. It may mean to convey that his ideas carry far, in the spirit of what George Eliot wrote about "the wafflings of that energetic bulb." In any event, the appearance of this simile is worth noting if only as a reminder of what all those who desire to be "in the movement" have to keep up with. Possibly we have here the dim beginnings and adumbrations, we may say, of a new and revolutionary onion philosophy.

Married 18 Years She Leads State Scholarship List

Columbus, April 25.—Married 18 years, housekeeping for her husband and herself, arising at 4:45 each morning in order to come 15 miles to the university, yet leading the 5,000 students at the Ohio State university in scholarship.

Such is the record of Mrs. Mamie S. Taylor, of West Jefferson, O., who recently was elected to Phi Beta Kappa, national honorary fraternity, with a perfect scholarship record. Domestic affairs are no hindrance to study, she declares.

Much of Mrs. Taylor's studying is done on street cars while traveling between West Jefferson and the university.

Interest in outdoor life impelled Mrs. Taylor to enroll at the university as first as a special student. She has specialized in science, chiefly botany and expects to return next year as a graduate student.

By enrolling as a special student Mrs. Taylor was enabled to take advanced courses. By getting the highest possible grades in these courses she was able to omit preparatory courses. She ascribes her record to the fact that she has always taken courses in which she was really interested.

COURT NEWS

Given Right To Repair Road

A decision was handed down yesterday by Judge Moore enjoining James and Homer Orr of near Wellsview from interfering with Grant Malone in improving a road leading from Third st. in Wellsview to the plain dirt's farm, passing through the defendants' property. The costs of the action will be paid by the defendants. The road has been in use for many years by persons living beyond the Orr property and the court held that it would be proper for them to repair and maintain it.

Woman Adjudged Insane

Mrs. Mary Filip, aged 38, of Salem, mother of two small children, was found to be insane after an inquest before Judge Riddle, and was taken to Massillon yesterday afternoon for treatment. Mrs. Filip has been acting strangely of late and relatives feared that she might do harm to herself or to her children.

An Old Nickel.
"Say, cap, have you got an old nickel you can spare?—I need a cup of coffee mighty bad."
A panhandler in the Rock Island station made this request and he put a slight emphasis on the adjective. It was the same he would have used if he had asked for an old hat or an old pair of shoes. He merely wanted an old nickel that had served its purpose and was no longer of use to the owner.
"It may have been unintentional, a mere slip of the tongue," said the man who was approached. "I gave him the coin he asked for and I have been wondering ever since what was going through his mind."—Chicago Journal.

Do Men Who Pay Low Prices Expect High Quality?

We've wondered about this before.

Does the man who pays \$18.50 expect the equivalent of a \$30 suit?

The same buyer wouldn't expect cord tires at the price of fabrics—nor would he expect a store to lose money on any of his purchases.

Cheap clothes are all right if you are out for cheap clothes. Here—we're always out of anything that won't stand up and fight for the man who paid his good money for the merchandise.

CORINNE GRIFFITH IS GIVEN RARE OPPORTUNITY IN FINE PHOTOPLAY, 'DIVORCE COUPONS'

Worthwhile Picture Is Adapted From Interesting Story and Excellently Directed by Webster Campbell —Has Cast of Well Known Players.

When a person is able to go to a moving picture show, see a production and feel that he has seen something worthwhile, something different, something entertaining, then a picture may be truly termed an excellent production.

Such is the experience of the person who sees Corinne Griffith in "Divorce Coupons," which is at the Royal theater Friday. It is a production that one can see a second time and enjoy as much as he did the first time.

The interiors of the film were made in the south as is evident by the Spanish moss that grows on the trees. Beautiful long shots of picturesque of the south are shown for atmosphere.

Then comes the story. You are introduced to the heroine, Linda Carterton, a young girl whose family has fallen into poverty but who longs for riches and the life of the city. Her school boy chum, a young lawyer, wants to marry her, but money is the object of Linda's marriage and she refuses.

"Parents cannot go about with their children but if the home is all God designed it should be, from it will continually go such influences that will mightily control the young life, even as air and water craft are guided from the central electric station. Parents, you know of the safe channel, keep your children off the rocks!"

"An adequate community plant and organization is a positive necessity to our modern large towns and cities, a place made safe and affording healthful recreational, occupational and social privileges for our boys and girls. Good citizenship should also see to the abolishing of institutions that work evil in the lives of so many of our youths."

"Not only should we insist on greater vigilance and effort on the part of our public officials, but we also should lend a hand and back up these men and help in running down persistent offenders and keeping places of public resort as clean as possible."

The Church's Part
"The Christian religion furnishes the best of earth's comradeship. When a young man gives his life to God and unites with a church he comes into one of life's most helpful relationships. Every church, great or small should strive to furnish Christian companionship."

"The average pool room, dance hall, picture show and other places to which our young people resort are not conducive to the maintenance of Christian ideals and the development of Christian character. Young people must play as well as pray. Recreation is as necessary as devotion, and clean, helpful moral invigorating associations will make their vital appeal to the Christian boy and girl and will also commend Christian fellowship and the Christian religion to those who have not as yet accepted it."

"As the home must furnish its comradeship to its own, the church of Jesus Christ must also follow up in her work for the salvation of the young life."

The concluding message of this series will be preached Sunday evening. The subject will be "The Young Man Victorious." Special song service assisted by orchestra and male quartet will be a feature of this meeting.

1924 Auto Tags To Be Blue And White

Columbus, April 26.—Ohio automobiles in 1924, will disport themselves with license tags of dark blue and white, the blue forming the background with the letters in white. This was announced today by Secretary of State Thad H. Brown who has had the 1924 colors under consideration for several days. The colors were selected, he said because they are easily discernible.

Remarkable Song, "Mother's Love"

There is a pretty song now the vogue in New York entitled: "MOTHER LOVE" and should be in every home. May 13th being set aside as "MOTHER'S DAY" throughout the country, this song will no doubt be in large demand for that occasion. This song has an impressive lyric blended with a beautiful melody and is said to rival any sentimental song of its kind ever written. The following is a few bars of the chorus:

Owing to the simplicity of the arrangement of the above song, it is easy to render. It is splendidly recorded for Phonographs and Player Pianos.

WELSH SINGERS

executed. The latter number was rendered with a power and harmony seldom heard here.

What will long be remembered by the music lovers present were the numbers presented by W. Tuder Williams, tenor soloist. His presentation of "Absent" was excellent, the clear tenor voice reaching the highest notes without the loss of a slight fraction of a tone. He possesses a beautiful tenor voice and his work drew several demands for encores. "Mountain Lovers" gave him an opportunity to display his vocal talents with a marked degree of success.

"Watchman, What of the Night," sung by David Rees, bass soloist, was one of the feature numbers of the concert. For an encore he gave "The Rosin's Lament." Of the duet numbers, that by Williams and Rees, "Soldiers and Comrades" was the best. "The Gendarmes" a humorous number, was given by Carey Booth, tenor and Rowland James, baritone.

The quartet numbers were handled by Messrs. John, Jones, Davis and Howells and were both of a light nature.

The work of the pianist, Prof. D. J. Woolcock was in no small measure responsible for the success of the program. He displayed a perfect technique and a flawless interpretation of his work. Prof. Thomas Morgan conducted the chorus numbers and introduced the individual singers and their numbers.

The chorus sings in Alliance Thursday evening. They will return to Wales early in June after being in America just one year.

Priest Cuts Throat In His Hotel Room

Akron, April 26.—Believed to have been made despondent because his wife refused to live in Akron, Rev. J. Varhol, 35, a priest of the Russian Orthodox church committed suicide in the Buchtel hotel last night by cutting his throat with a razor. After inflicting the wound he came to the door of his room and called for help. He died on his way to the hospital.

NO MUZZLE FOR ARMY OFFICERS

SECRETARY WEEKS SAYS THEY
MAY WRITE AND TALK ON
PROFESSIONAL SUBJECTS.

HIS REPLY TO THE PACIFISTS

Hits at Organizations That, Being
Really the Foes of National Prepared-
ness, He Considers Menace to the
Country's Welfare.

Washington.—Various organizations
with memberships composed of per-
sons of various kinds of endeavor have
petitioned Secretary of War Weeks to
issue an order preventing army officers
from saying or writing anything in be-
half of national defense.

The secretary has made answer to
the effect that the activities of certain
kinds of organizations in the United
States are a menace to the welfare of
the country, and that army officers
cannot be prohibited from doing their
duty by talking and writing upon pro-
fessional subjects, a duty to which
they are bound by their oath of al-
legiance to the republic.

It is doubtful if the public generally
realizes all that is being done in Wash-
ington by the representatives of vari-
ous groups to prevent the armed ser-
vices of the country from functioning
properly in the field in which they are
directed by specific acts of congress to
conduct their operations. The organi-
zations which are most active in try-
ing to prevent the peace-time function-
ing of the army and navy are naturally
those which call themselves anti-war
groups, but their propaganda matter,
which comes through the mails every
day, shows that they are really anti-
preparedness groups. They are not
only trying to prevent any activities
of the United States under the national
defense act but are opposed to having
the army and navy officers declare
themselves as to the necessity of
strengthening this branch and that
branch of either service.

There are several organizations rep-
resented in Washington which, while
also against war, stand strongly op-
posed to the efforts of these other or-
ganizations which are trying to secure
the country's total disarmament with-
out any regard to what may be hap-
pening elsewhere in the world, or ap-
parently without any regard to the
lessons of the past.

Pacifists Are Most Militant.
Now, curiously enough, the organi-
zed groups which believe in sane pre-
paredness and that the army and navy
should continue its peace-time func-
tions are nothing like so militant in
their endeavors as are the groups
whose endeavor is against everything
which savors of militancy. Because
of this condition the anti-war, anti-
preparedness bodies are writing and
speaking fifty words to every one that
is written or spoken by the organi-
zations which stand in opposition to
their campaign.

One effort has been to prevent the
War department from carrying through
on anything like an adequate scale
its plans for summer camps at
which the officers and men of the re-
serve corps are to be given opportunity
to get two weeks' outing, and the
chance to brush up a little on the
lessons which they learned in the war,
but which since then they may partly
have forgotten. Congress appropriated
money for these camps and the secre-
tary of war directed, as was his duty,
that within the limits of the appropri-
ations the camps should meet all the
requirements in the case.

Before congress sanctioned the ap-
propriations the various organizations
which desire that the United States
shall totally disarm itself, and be un-
prepared to repel any invader if he
shall come, tried to induce senators
and representatives to negative the
camp appropriation which was re-
quested. Failing in this effort, they
turned their attention to the activities
of the War department, which was act-
ing under the law, and turned then
also to the people of the country who
have been told in voluminous articles
that the camps are intended to rouse
a spirit of militarism in the United
States and indirectly to produce war.

Gas Service Especially Attacked.

The chemical warfare service or, as
it is briefly called, the gas service, has
been a chief target of attack by the
members of a dozen organizations ever
since congress authorized the contin-
uance of that branch of the service
with Brig. Gen. Amos A. Fries as its
chief. For some reason or other gas
more than high explosives, more than
submarines, more than airplanes, and
more than any other implement or
material of warfare, has claimed the
attention of the organizations which,
in brief, want the army and navy
abolished.

Perhaps the most outspoken officer
in defense of this particular service
has been the chief of the chemical
warfare service, General Fries. Noth-
ing that he has written shows that he
is an advocate of the use of gas in
warfare for offensive purposes, but vir-
tually everything he has said and writ-
ten has been in behalf of the necessity
of being prepared to use gas in case
an enemy should break faith and bring
the stuff into service.

One thing today is seemingly fixed
in the determination of the secretary
of war—the army and navy officers are
to be allowed to present their views
on professional subjects.

Sensible Laws Regarding Food.

Among Hindus, where the house-
hold cooking is not entirely performed
by the mistress of the house (it is the
sacred duty and privilege of a wife to
prepare and serve her husband's food),
a Brahman cook may be employed
even by a man of low caste, but in
such a case, no member of the house-
hold dare defile the kitchen by enter-
ing it. The Brahman, moreover, will
bathe before preparing each meal. All
food is freshly prepared, and nothing
is served a second time. In all such
rules as these there are strong ram-
parts against contamination—a pro-
tection from disease and the many
deaths that pursue unwise physical
habits. The laws regarding food,
though set forth in severely religious
formulae, are a form of science gov-
erning health and economics.—Asia

TONGUES CLASH IN BELGIUM

Flemish-Speaking Elements Win Point
Against Their Countrymen Whose
Language Is French.

National divisions are growing more
acute in Belgium, says a writer in the
Living Age. The Flemish-speaking
provinces, already insurgent against
the French-speaking Brussels govern-
ment before the war, and encouraged
in this attitude during the German oc-
cupation, are more insistent upon their
rights than ever.

Parliament recently refused to erect
a Flemish university at Antwerp. But
the minister of education, apparently
without the endorsement of all his col-
leagues, submitted a bill to parliament
providing that "at the University of
Ghent instruction shall be given in
Flemish; it shall be given in French
and Flemish in the schools of civil en-
gineering, arts and manufactures."

This bill was adopted by a vote of
80 against 85, with seven abstentions—
figures suggesting the equal division
of sentiment over a question that, if
we are to credit newspaper headlines,
has aroused passions that have
brought the people to the verge of
violence.

The neutral and Protestant Journal
de Geneve regards the action of the
Belgian parliament as a "regrettable
setback to Latin culture," likely to
accentuate "discords of race, language,
and even of religion" in that country.
It will be recalled that the Flemings
are strongly clerical.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated
scores of women for liver and bowel ail-
ments. During these years he gave to
his patients a prescription made of a
few well-known vegetable ingredients
mixed with olive oil, naming them
Dr. Edwards' Olive Tablets. You will
know them by their olive color.

These tablets are wonder-workers on
the liver and bowels, which cause a nor-
mal action, carrying off the waste and
poisonous matter in one's system.
If you have a pale face, sallow look,
dull eyes, pimples, coated tongue, head-
aches, a listless, no-good feeling, all out
of sorts, inactive bowels, you take one
of **Dr. Edwards' Olive Tablets** nightly
for a time and note the pleasing results.

Thousands of women and men take
Dr. Edwards' Olive Tablets—the suc-
cessful substitute for calomel—now and
then just to keep them fit. 15c and 30c.

CLAY AWAY THE YEARS

Apply **Bonella Beautifier** cosmetic clay to
your face, and rest while it dries, then
remove and see and feel the wonderful
difference in the color and texture of the
skin.

Guaranteed to do these definite things for
the face or money refunded. Clear the
complexion and give it color. Lift out the
lines. Remove blackheads and pimples.
Close enlarged pores. Rebuild facial tis-
sues and muscles. Make the skin soft
and smooth.

You can obtain regular sizes from your
favorite toilet counter. If not, send this
ad, with 10 cents to **Bonella Laboratories**,

Comparison

There is no more certain method of determining value than by
comparison.

The automobile buying public have judged the truly remarkable
value in Chevrolet as the greatest automobile offered today.

This is the reason for Chevrolet popularity.

Chevrolet is recognized as the Standard of Automobile Value.
Comparison has proved this.

Economical transportation is first consideration.

Comfortable riding, beautiful design and lasting service are
Chevrolet achievements.

OfficeCHILD LABOR BILL
KILLED BY VETOProvision Changing School
Age Is Opposed By
Donahay.

Columbus, April 26—Approving of its proposals to permit children over 12 years old to work seven hours a day in agricultural pursuits but disapproving its provision changing the compulsory school attendance age, Gov. Donahay today vetoed the Bloom "child labor" bill.

"The objects of the proponents of the bill seem to have been to modify existing statutes regulating child labor in agricultural pursuits," said the governor, in his veto message, "so that both the interests of the farmers and of rural children desiring to work in vacation time may be better observed, and to eliminate the rigid rule of administration of these statutes. I am in full accord with such legislation, when, its recognition, give proper consideration to necessary modifications of present law in this respect."

"I cannot sign this bill, however, because of the provisions which change present requirements as to compulsory school attendance."

The Bloom bill made the compulsory attendance age 16 years, but permitted individual school boards to maintain it at 18 years if desired.

CITY BRIEFS

Dispatch Mails Earlier
Because eastern cities have adopted daylight saving time during the summer months, the Salem postoffice will begin next Monday to dispatch mails one hour earlier in the evening in order to make connections. Business men and manufacturers especially are urged to co-operate by placing their evening mail in the post-office in plenty of time to begin distribution and dispatch at 5 p. m.

On Inspection Trip
Ray Whinnery, son of Mr. and Mrs. O. E. Whinnery of this city, will leave Monday with his classmates in construction engineering at Ohio State university, on an inspection tour of large industrial centers in the east. The trip will end at Pittsburgh the following Saturday and Mr. Whinnery will visit his parents here over Sunday. He will be graduated from O. S. U. in June.

Grange Play
The Butler Grange Dramatic club will give a play entitled "Peleg and Peter," Friday evening at Willow Grove grange hall southwest of Salem. It is said to be very humorous and will provide lots of merriment.

Moose Women
After the regular meeting of Salem chapter No. 63, Women of the Moose-heron legion, Wednesday evening, a social period was enjoyed with a covered dish supper. In one week the members will meet again.

West Side Community Club
The West Side Community club will meet Friday night at the home of Mr. and Mrs. Stowe on the Damascus rd.

Benefit Supper
Women of the Christian church will give a benefit chicken and waffle supper Saturday evening, May 12 at the church.

The picture that makes you want to walk up to the screen and shake hands with Meighan. "If you want to discover who your real friends are, tell the world you're broke," says Tom Meighan in George Ade's "Back Home and Broke."

A mint of laughs—"Back Home and Broke." No plotting villains; no pageants; no fashion parades—just a big, wholesome, smiling story of real folks.

The kind of picture that makes the censor mad because he can't find anything in it to criticize. Meighan and Ade—more fun than Barnum and Bailey.

Meighanade—the world's greatest tonic for the blues. What would they say in your old home town if you went back broke? Who would be your friends? Thomas Meighan answers these questions in "Back Home and Broke."

Thayer and Mrs. Prince Not Yet Wed

E. V. R. Thayer and Mrs. Harding Prince.

Despite reports from Europe that Mrs. Harding Prince, daughter of W. P. G. Harding, head of the Federal Reserve bank of Boston, had been married, in France, to E. V. R. Thayer, chairman of the board of directors of the Stutz Motor Car company, both denied it when they returned to New York on the same steamer, though they would not deny they intended soon to be married. Mrs. Prince secured a divorce, in Paris, from Frederick Prince, noted Boston society man and war hero.

HOMEWORTH

The Homeworth Parent-Teacher association will hold a clinic in Homeworth the latter part of May under the supervision of the county health officer, Dr. McCullough. Any one interested should make application to Mrs. G. F. Ramsayer or W. W. Stroun. Only 25 can be operated on and they will be taken care of in the order of their application.

Mr. and Mrs. W. A. Baker and daughter, Miss Helen, and Miss Nettie Ickes returned home from California last week.

Mr. and Mrs. V. L. Thomas and daughter visited friends in Salem Sunday.

Oliver Dice bought land west of town last week.

Glen Neiman of Minerva will be the new barber in Homeworth.

B. F. Roose and J. A. Huston of Canton were callers in Homeworth Friday.

Mrs. J. E. Emmons visited her daughter in Alliance Sunday.

Mrs. Alice Fultz, a former Homeworth resident, was married to J. H. Minnick, near Logansport, Ind., last week. Mr. Minnick is a retired farmer and quite wealthy.

Miss Dora M. Thomas has been very ill the past week.

The farmers are busy sowing oats this week.

J. C. Reed was in Alliance Saturday on business.

R. C. Miller, Sherman Yeagley, R.

D. and A. M. Thomas were in Massillon Thursday where they bought a new tractor and brought it home.

Henry Thomas purchased a new Studebaker touring car last week.

Mrs. John Reese of Alliance visited with her sister, Mrs. H. H. Thomas Sunday.

Henry Thomas, A. M. Thomas and lady friends were calling on Salem friends Sunday afternoon.

A musical concert will be given by home talent in Heffner's hall Saturday evening.

Mrs. Susan Steele is very ill at the home of her daughter, Mrs. E. L. Geiselman.

Mrs. Louanna Willard is building a sun parlor to her home in Homeworth.

Edward Irvin is building a house on the south side of town.

Harold Mangus is home from the Alliance City hospital much improved.

Mr. and Mrs. E. L. Thomas and daughter, Miss Hazel, and Roland McNeal were the guests of W. L. Crist and family near New Alexander, Sunday.

Popular Musicians Will Leave Salem

After ten months service as director of the Grand and then the State theater orchestra, Prof. B. Csillag and his son Stephen will leave Sunday for Marion to take charge of a large orchestra in the Grand theater there. Behind them they will leave many friends and admirers of opera and classic music which they have provided.

Many who will regret their departure have been students of Mr. Csillag's violin studio and cello pupils of his son. Mr. Csillag has played several times in local churches to the delight of the congregations while Stephen's cello work in the theater has likewise been the object of much favorable comment. Having finished their contract here, they are going to direct a larger orchestra in Marion.

LINCOLN HIGHWAY STRIP IS CLOSED

In closing the Lincoln Highway between West Point and Lisbon Wednesday while that section is being resurfaced with a brick top between the summit of Green's hill and Cillmore's crossing, County Surveyor Kirk has suggested one-way traffic over two detours.

Traffic north from East Liverpool will follow the old "roller coaster" road to the Rudibaugh farm, where detour signs have been placed directing traffic east to Elkton. This road has been dragged and although rather narrow at times is in excellent condition.

It has been suggested that south-bound traffic from Lisbon follow the Lincoln Highway to the first road to the right south of the bridge spanning Beaver Creek, and then travel over Black Hill, which taps the Lincoln Highway on the concrete pavement at the Applegate farm or at the south end of the coal stripping. Probable two months will be required to finish the road from Spence's corners to Gilmore's crossing.

We Have No Real Universities

We have in this country no universities in the strict sense. Institutions in the United States that bear that name are a mixture of the undergraduate college and the graduate university. In most institutions, even the older ones such as Harvard and Yale, the undergraduate college contains so large a number of students, its activities in athletics, in social affairs, and in other directions are so numerous and engage so much of public attention, that the university activities are, in the public mind at least, overshadowed. Perhaps the greatest exception to this statement is found in the case of Columbia university, which has a relatively

small undergraduate college, limited extramural activities, and is engaged almost wholly in university work either in the prosecution of graduate studies or in the professional schools of law, of medicine and of teaching. From "Are Our Universities Overpopulated?" by Henry S. Pritchett, in the May Scribner's.

Advice For Mothers

Read What This Mother Says
Conneaut, Ohio.—"Always during expectancy my back would be so stiff that I could scarcely move without help. I tried various medicines, but not until I took Dr. Pierce's Favorite Prescription did I get relief. I consider 'Favorite Prescription' a perfect tonic for the expectant mother, for it not only strengthened me and relieved me of all pain and lameness but I had comparatively no suffering, and my babies were hardy and strong—absolutely perfect—mentally and physically, which I considered due to the fact that the 'Favorite Prescription,' which I took as a tonic, contained no harmful ingredient."—Mrs. Frank Luce, 237 Harbor St.

Your health is your most valuable asset. So, why not get this Prescription today from your druggist, or write Dr. Pierce, President of the Invalids' Hotel, in Buffalo, N. Y., for free medical advice, or send 10c for a trial pkg. of tablets.

HARRY RICHARDS, prominent Philadelphia business man, says he will no longer be cheated out of meals by stomach trouble, for Tanlac has put him back in fine condition.

"No more will I be cheated out of the good things to eat for the Tanlac treatment has overcome my stomach trouble completely, and I have also gained eight pounds," declared Harry Richards, 10 S. Fifth st. Philadelphia, well known sporting goods dealer and member of the Local Order of Moose, and the Ocean City Fishing club.

"I was in such awful shape with indigestion that I had to lay off three and four days a week, unable to go any work. After eating my stomach would pain me till I was in agony gas pressed up around my heart till I had to gasp for breath, and I was greatly annoyed by fearful dizzy spells."

"Mr. W. H. Williams put me onto Tanlac, and now I never suffer from my old troubles, can attend to business every day, and am bristling with new energy. Tanlac helped me when all else failed, and I'm glad to endorse it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Says Allenrhu Surely Conquers Rheumatism

Winchester, Ky., Citizen Cheerfully Recommends This Wonderful Remedy to All Sufferers.

His letter follows: "Burns Avenue, Winchester, Ky. I had severe rheumatism for three months, tried several remedies without receiving any benefit whatever. A friend advised me to try ALLENRHU as it had cured him. I bought three bottles from the George Drug Co., this city. When I began taking this medicine I was unable to do any work. I could neither dress myself nor raise my hand to comb my hair. I am now almost well and feel confident this last of the three bottles I am now taking will completely cure me. I can cheerfully recommend this truly wonderful remedy to any rheumatic sufferer." Signed Asa E. Keer.

ALLENRHU has been tried and tested for years and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of ALLENRHU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLENRHU decisively conquers this worst of all diseases, and he has instructed druggists to guarantee the first pint bottle to show appreciable results or money back in every instance. All druggists can supply you.

WATCHING TRAVELS OF TWO SENATORS

BOTH PARTIES INTERESTED IN
EUROPEAN PILGRIMAGE OF
JOHNSON AND MOSES.

WORLD COURT IS THE REASON

Republicans Hope the Solons Will Be
Converted to Harding's Plan for
American Membership, but California
Probably Won't Drop Opposition.

By EDWARD B. CLARK

Washington.—Every Republican and every Democrat in Washington, and the active politicians particularly, are showing interest today in the cablegrams concerning the European pilgrimage of Senator Johnson of California and Senator Moses of New Hampshire. It might be said that the Republicans are anxiously interested, while the Democrats are hoping that for their part they may become jubilantly interested as the results of the journeyings of the two senators become known.

Why the interest? The answer is easy. President Harding, it is understood, expects to lay before the country in his forthcoming speechmaking journey his reasons for believing it will be a good thing for the United States to have official representation in the International Court of Justice. It is known, of course, already that Senator Johnson and Senator Moses are opposed to such American membership in the court. The administration forces have been hoping that the opponents of the court plan could be won over before the senate takes up the question next winter, and they have been hoping also that the European trip might convert the two senators to the President's plan.

The Democrats' interest, of course, may be looked upon as selfish, but naturally they will say that it is a constructive selfishness. Seemingly a majority of the Democrats in the senate are in favor of the world court membership plan, but the party as a party probably will not be sorry to see the party of the administration divided on this matter on the eve of a presidential election.

Hope for Full Party Approval.
There is a seeming belief in Washington that the senate next winter will approve of the presidential proposition, but the strong desire of the Republicans is to have it approved by the full Republican membership of the senate, and thus avoid the necessity of making the approval dependent on Democratic votes, although, of course, Democratic votes to add to the votes of all the Republicans would be welcome.

There was a half belief in the ranks of the Republicans here, some of them connected with the work of campaign directing, that Senator Johnson might find while abroad something to give him a reason for resisting his initial impulse to combat the membership proposal. There are other Republicans here who fear and seemingly believe that the California senator will come back more strongly opposed than ever to the plan for entrance into the court, and that his strength of purpose may have as a companion the strength of purpose of Senator Moses.

One of the best informed of the European correspondents, a man who knows the two traveling senators personally and intimately, states it is his belief that the Californian is increasing his store of ammunition with new arguments against entrance into the world court. Republicans here say it is possible, perhaps probable, that this foreign correspondent has failed to interpret rightly the senator's words and actions. It will take some little time yet for the truth in the case to develop, but the general feeling in Washington seems to be that Mr. Johnson will not be diverted from his course of opposition by anything which he is likely to learn in Europe.

Johnson Might Be Candidate.
In every column that has been written from Washington or from the places which President Harding has been visiting, there has been the flat statement that the President intends to plead strongly for International court membership on his speaking trip through the country. Now political gossip has it that if the response to the President's pleas is not what the Republicans believe it will be, Senator Johnson may feel that he will be justified from the public point of view in entering the field as a candidate for the Republican nomination in opposition to President Harding.

Republican thought in the case prior to this time had it that there would be only one candidate against President Harding for the nomination—Senator La Follette of Wisconsin. The Republicans again are considering the possibility that the California senator may be a candidate upon a platform which declares against everything which even by indirection appears to be an approach to a mixing in the affairs of Europe.

It must be said, however, in spite of all the gossip, the guessing, and even the reasoning in the case, that the majority of Republican opinion here is that Senator Johnson will stay out of the nomination contest.

Home Influences.

"Are you afraid of foreign entanglements?"
"Yes," said Senator Sorghum; "but not as much as I am of a local combine out in my district."

LISBON-LEETONIA ROAD SURFACING READY FOR BIDS

State Department Refuses
To O. K. Inter-county
Paving Project.

Lisbon, April 26.—The state highway department will not approve plans for the improvement of the East Liverpool-Youngstown inter-county highway south of Clarkson, or that part in St. Clair township, commonly known as the Sprucevale route. The county commissioners have been notified officially to this effect.

It is the contention of the highway department that the grades on the Sprucevale rd. are excessive, and that other possible routes present more agreeable grades. As a result of this decision, it is not likely any construction work on this road in Middleburg township will be undertaken this season.

County Commissioners John F. Korp and Conrad Berg have authorized the advertising for bids for the surfacing of a strip on the Lisbon-Leetonia rd., the estimated cost of which is \$7,000.

Soon after this was made a matter of record, the suggestion was made to these two commissioners that the county avail itself of the \$21,000 the state highway department has offered as a share for the widening to 18 feet of the Lincoln Highway from Stop 55 on the Y. & O. railroad south to the St. Clair-Liverpool township line.

Mr. Berg contended there was no county money available for this work and that he was not in favor of borrowing. However, the commissioners will have to borrow on short term notes to complete the Leetonia job.

Final estimates have been approved by the county commissioners for the improvement of the New Waterford-East Palestine rd., both within the corporate limits and for about one mile outside the municipality.

The contract for this job will be

LOUISIANA STILL WARS ON K.K.K.

Although unable to prosecute members of the Mer Rouge (La.) Ku Klux Klan on the charge of murdering two men whose mutilated bodies were found in a lake near there, the state is proceeding against them for alleged conspiracy to murder, assault with deadly weapons, carrying firearms and conspiracy to compel persons to leave their homes. Eighteen informations have been filed, and the men will be tried before Judge Fred M. Odum, in the court house at Bastrop, La. Among those accused are former Mayor B. M. McKoin of Mer Rouge, now a student in Johns Hopkins institute, Baltimore, and Capt. J. K. Skipworth, aged cyclops, of the Morehouse parish K. K. K., a power in the neighborhood.

no funds available for road construction work, the county and the state will have to finance the work, outside of New Waterford. It is believed that bids for this work will be advertised for at a very early date. This will be a 16-foot water-bound macadam road.

Property owners abutting Elysian Way in Liverpool township have asked the county commissioners to surface this 1,700-foot strip with cement, 16 feet wide, the top surface of the road to be finished the same as the new Darlington-Beaver Falls rd. This work will cost about \$8,000 and the money for the job is available.

Contracts for the surfacing of the East Liverpool-Wellsville rd which was graded last year are expected to be advertised by the state highway department within the next few weeks. The county put its share of the improvement in this job while it was being graded, and now the state is to give the county credit for this advance work, and continue with the surfacing. Liverpool township has arranged for the financing of its share

of the cost of this job in the township.

A Laxative Food that is delicious

YOU never knew before how truly delicious a breakfast of real bran food can be. Post's Bran Flakes with Other Parts of Wheat is altogether new and not a bit like the ordinary bran you may have persuaded yourself to eat in the past.

These new flakes are made by a special process, which retains with the bran other valuable parts of the wheat berry, and are crisp-cooked and appetizing. They contain the nourishing qualities of the wheat, its carbohydrates, proteins and mineral elements, plus "Nature's way" of wheat bran to induce regular habits. Post's Bran Flakes are non-irritating to any part of the digestive tract.

Happily the special process preserves practically the full vitamin content of the wheat.

The Postum Cereal Company studied and experimented for four years to find how to give you this most valuable hygienic factor, bran, in the most palatable and health promoting form.

Post's Bran Flakes is the result of those years of careful study by the Company whose name is synonymous with pure food the world over.

No chokey feeling when you swallow these delicate flakes. You don't have to try to swallow them, either, the way you do ordinary bran products.

Try them with cream or milk as your breakfast cereal tomorrow, and regularly for some days—then note the welcome difference in your regularity.

Sand Box For The Children

Here is something more than the dad expert with the household kit of tools can create with a minimum loss of time and temper. It is the sand box, that article in the bright lexicon of childhood calculated to yield the maximum of enjoyment.

It has been said that the sea shores of the world were created for the enjoyment of children but then the child cannot get to the sea shore and wiggle his toes in the sand then the sea shore must be brought to the child. The sand box comes close to realizing the child's dream of happiness. But, and this is important, the box must be done up right or soon little Billy will be back in the house and ready to begin on his favorite objects of attack, the furniture and quite likely he will select the highly polished piano as the point to begin.

It may safely be said that many thousands of sand boxes have been built and abandoned. This is not because the idea is wrong but because a good idea has been wrongly carried out. Here again Community Service can help by supplying the necessary information.

It may surprise folks to know that playground apparatus has been given almost as much consideration by experts as the manufacture of automobiles. And why not? Are not the little Willies and Bettys the most important people in the world?

This Home Play Week is carried out with the hope that many a little fellow who needs out door activity now to prepare him for the long future may have the help of dad in making the back yard a place of unending enjoyment. It is hoped the dads will get the idea.

MANY FOREIGNERS COMING TO SALEM FROM NATIVE LAND

Few Returning To Europe, Says Booking Agent; New Plan Aids.

Immigration into Salem and vicinity from European countries far exceeds the total of those returning to their native lands at present.

During the past 18 months not more than 15 persons have booked passage for European homes, while during that same period, several hundreds have come to this district to make their future homes.

This is due mostly to the unsettled conditions in Europe and to the increasing demand for workers in local industrial plants, according to M. B. Krause, booking agent here for the trans-Atlantic steamship lines.

With the completion of a plan whereby steamship passage from foreign countries to America can be prepaid by relatives in this country, the immigrant total is expected to be increased to an even much larger total during the present year.

Relatives Prepay Passage

Under this plan relatives of persons who are in foreign countries and who wish to come to America but have not the necessary funds, can arrange for their passage by prepaying the amount at an American booking agency and guaranteeing homes and support for the immigrants upon their arrival here. These are accompanied by affidavits and have resulted in a decided increase in the influx of foreigners into this country.

Numerous Salem families have taken advantage of this plan to bring to America relatives who are unable to make the trip through financial reasons.

Although the quotas of immigrants allowed to enter America are not reopened until July 1, more than twice as many applications for passage from certain European countries have been received as can be allowed entrance into this country.

The quota for Poland for 1923 is 21,076 but already more than 40,000 applications for passage have been received. The Czechoslovakia quota has been set at 14,357 and more than twice this number desire to come to America. From Rumania 7,419 persons will be allowed entrance and Yugoslavia 6,426, and applications have been received for many more than these totals.

Most Come From Rumania
The greater part of Salem's foreign immigration are Rumanian subjects. Few are received here from Italy because of the fact that the Italian government's emigration laws are at

present very strict and will not allow a heavy emigration.
It costs a Rumanian approximately \$131.50 for passage to Salem from Bucharest, this including ocean passage of \$105, train fare to Salem from New York \$18.49 and U. S. head tax of \$8. To come to Salem from Moscow would cost about \$142 at present.

The greater majority of steamship sailings being booked to Europe are those of pleasure seekers and business heads traveling to France, England and Germany. Emigration from Germany is very light, the German quota of 67,607 not being used up last year.

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin.—"I feel that I ought to let you know about my case. I was ailing and could barely do my housework and washing I was so run-down, just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take your medicine as a tonic when we don't feel just so. I am thankful for what the Vegetable Compound has done for my health and for my family."—Mrs. MARY SAECHECK, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions: First, those symptoms that affected them most conspicuously; and later the disappearance of those symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

LISBON NOTES

Former Lisbonite Dead

George Sherbine, formerly of Lisbon, but who has been making his home in Gannett, Idaho, died there last Friday after suffering for some months with paralysis. He is survived by his wife, 11 children, one sister Emma Sherbine, who makes her home with him, and one brother, Frank, who resides in Lisbon.

P. O. Boxes Robbed

Campt has been made to Postmaster Potts of the Lisbon postoffice that lock boxes have been rifled of valuable mail. Investigation showed that the majority of the boxes have been left unlocked by those who rent them. Orders have been issued to box renters by the postmaster to keep their boxes locked and a watch will be kept for the thieves.

Dr. McCandless Recovering

Dr. C. McCandless, veterinary surgeon of Lisbon, who suffered two fractured ribs while treating a sick horse near East Palestine on Monday night, is reported to be recovering at his home.

THEATRES

"Reckless Youth"

Cosmo Hamilton, among the most popular writers of current fiction, is responsible for the story of "Reckless Youth," starring Elaine Hammerstein, announced as the attraction at the High school auditorium Friday and Saturday nights.

In translating the story for screen uses, Edward J. Montague, scenarist is given credit with having done a particularly good job of keeping in the photoplay pictures just the shades of meaning which will make the picture popular with the hosts of readers who think so highly of Mr. Hamilton's ability.

Miss Hammerstein has the role of a young girl who adopted as her motto quite early in life the two simple words, "Who cares?" and, careless of all the conventions, came within an ace of wrecking not only her own happiness but that of a number

Columbia New Process Records

The most popular number is THE CLINGING VINE which The Columbians play for you. It is one of the most melodious tunes that Broadway has given us this season. There is a particularly delightful strain played by the saxophone with violin obbligato. IN THE GLOAMING is introduced as a cornet solo, lending a touch of sentiment.

The other side, I'VE BEEN WANTING YOU, is from THE DANCING GIRL, and it is truly a dancing selection, with quite a bit of toe-tlingling syncopation. New York is going wild over this number.

Firestone

Will Not Increase Prices on Solid and Pneumatic Truck Tires Until May 1st

Never has Firestone been so well situated to give operators the greatest measure of Cushion, Traction and Mileage at the lowest cost.

Today, economical manufacturing and distribution are showing the fullest results. Our favorable purchases of rubber, in advance of the 150% increase brought about by the British Crude Rubber Restriction Act, aid further in maintaining the old price levels.

Whatever the Truck Service—the Firestone Dealer Has the Right Tire

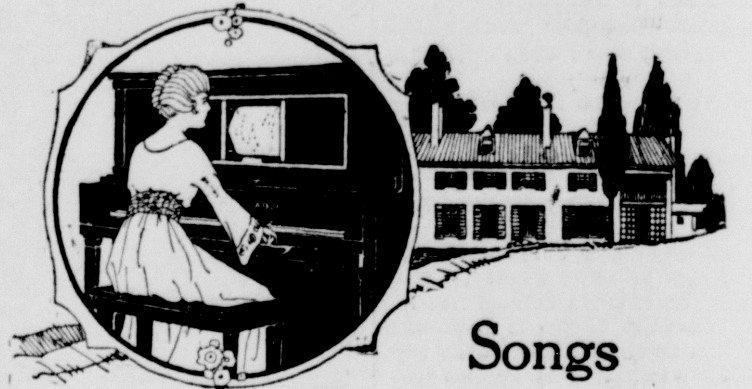

Firestone developments of the past two years have made pace for the industry and set new records in sure, economical performance. Five tires—the Heavy Duty Cushion, the Truck Type Cord, the Maxi-Cushion, the Giant Solid and the High Type—cover the needs of motor haulage in all its forms. Each has a distinct work which it does best. Each possesses a definite and special value for the operator.
